Frequently asked questions

How many guests can be accommodated at Oblik?

We can accommodate up to 60 guests in the rooms at Resort Oblik. A further 40 or so guests can stay in tents in our luxury tented village, which is usually open from mid-May to mid-September.

Do you provide wedding coordination services?

We work with several experienced wedding coordinators and agencies, such as Svatby s Terezou, Boutique Weddings and Enyes. If you already have your own coordinator, we'd be happy to get in touch with them and coordinate the planning details so that everything is in line with the resort's facilities and your wedding concept.

What is the capacity of each space?

The resort offers several options for the wedding ceremony, reception and the following celebration. We'd be happy to go through the specific arrangements and capacity of the venues with you during a personal tour and recommend a suitable solution based on the number of guests and your preferences. Both outdoor and indoor options are available for the ceremony, and we're prepared for any changes in the weather.

Who provides the flowers and decorations?

Floral arrangements and decorations can be provided by your wedding coordinator or external suppliers. Our team will coordinate with them in advance regarding the installation and layout of the individual venues. The hire includes basic equipment such as tableware, cutlery and glasses. Additional decorations and equipment can be ordered from external suppliers.

Frequently asked questions

Is it possible to arrange our own catering?

All catering is provided by our team at Remedi. The wedding menu is created right here at Oblik, and we'll put it together taking into account the nature of your wedding and your individual preferences. You can order a sweet bar from our pastry chef or choose your own supplier.

Is it possible to arrange an outdoor bar?

Yes. The outdoor bar is not included in the resort's standard facilities, but we can arrange one through an external supplier for an additional charge. There are several options available, which can be tailored according to the style of your wedding.

Is it possible to sample the wedding menu in advance?

Yes. Once the date has been confirmed and the contract signed, we will arrange a tasting of the wedding menu for you, which is included in the preparations at no extra charge. This will allow us to adjust the individual courses together before the wedding day.

Are there any parking facilities?

Parking is available directly on site and in the nearby parking area. Guests can also use the charging points for electric vehicles. By prior arrangement, a limited number of caravans can also be parked on the site.

Frequently asked questions

Will the resort be open to other guests during our wedding?

The resort's operations on your wedding day will depend on the type of wedding and the extent of the venues booked. We will go through everything with you in advance so that you know exactly which parts of the resort will be available to you on your big day.

Can we visit Resort Oblík before the wedding?

Of course. We'd be delighted to welcome you, by prior arrangement, for a personal tour. During your visit, we'll show you the various rooms, the ceremony venues and the options for organising your wedding day.

Is it possible to arrange a wedding without accommodation?

Yes, a wedding without accommodation can be arranged during the week by prior arrangement. At weekends, this option is not normally available; alternatively, the full resort rental fee will be charged.

Can we bring our pets with us?

Yes, pets are welcome at Oblík.
